

## PAT ON THE TARIFF AND CORPORATIONS

Colorado Republicans, However, Fight Shy of Renominating Peabody.

### STEWART FOR GOVERNOR

His Opponent, Adams, Has Three Times Occupied the Gubernatorial Chair.

Colorado Democrats having on the previous day taken the anti-corporation side, the Republicans of the Centennial State came out strongly in their State ticket and platform for the corporation side. Although they did not dare to nominate again Governor Peabody, who was declared elected and then resigned two years ago, naming McDonald, the governor's chair, they strongly indorsed the methods by which this was brought about.

#### Counting Out of Adams.

Two years ago it was Peabody against Adams. Adams was, on the face of the returns, elected. The Republicans counted him out, by a process not unlike that which the Democrats in New York employed in depriving Hearst of the majority, and the supreme court sustained the operation. Now the Democrats have nominated Adams again, but the Republicans, instead of letting Peabody and Adams fight it out again, have named Philip H. Stewart for governor. The Republicans stand pat on the tariff and credit Dingley schedule with present prosperity. They attribute the Colorado labor war to "socialistic and anarchistic teachings, fostered by Democrats."

#### Three Times Elected.

Alva Adams, of Pueblo, has three times been elected governor of Colorado and seated in the executive chair. The first time was in 1887, the second in 1897, and the third time in 1903. In 1906, however, the legislature counted him out after he had taken the office, and gave the office to Gov. James H. Peabody. This being too rank for even the Colorado stomach, it was arranged that Peabody should retire and McDonald, who had been elected lieutenant governor, should become governor. It was a somewhat round-about way to save the Denver city corporations from Adams, but it succeeded.

## BOTTLED BEER CHECKS A DISASTROUS BLAZE

Now Louisville Teetotalers Admit Beverage May Serve Useful Purpose.

LOUISVILLE, Ky., Sept. 15.—Even the strictest teetotalers in Louisville are willing to admit that beer may sometimes serve a useful purpose. They are led to this admission because a fire has prevented what would undoubtedly have been a disastrous fire in the west end of this city.

Firemen were having difficulty in overcoming flames in the warehouse of the Senn & Ackerman brewery when the heat broke several thousand bottles of beer stored in the building. The flood of beer thus turned loose quickly drenched the place and the fire was soon extinguished.

Temperance advocates would have admitted the usefulness of the beer with more enthusiasm had it saved some other concern than a brewery, but as the flames might have spread to surrounding property they conceded that it proved useful.

## MAN DRIVEN INSANE OVER CANAL BUILDING

Thinks He's Roosevelt Employing Laborers to Dig the Big Ditch.

CLEVELAND, Ohio, Sept. 15.—Reading reports of the Panama canal controversy is claimed to have driven Charles Scanlon, of East Thirtieth street, temporarily insane.

Scanlon had the opinions of Senators and Representatives on the canal question at his finger tips and he evidently viewed every article relating to that subject. He was regarded by his friends as the best informed man of their acquaintance on the subject of the canal. Yesterday Scanlon was found wandering about the streets by Patrolman Miller. Scanlon said that he was endeavoring to get men to finish the work on the canal. He was laboring under the hallucination that he was Theodore Roosevelt and was greatly troubled as to whether he should go down to the peninsula himself or send Taft there. He was taken to the county jail by his wife and a charge of insanity placed against him.

## SAW BROTHER HANGING AND DREAM CAME TRUE

MARION, Ohio, Sept. 15.—"I never believed in premonitions before, but I do now," said Christian Steiner, of Pandavia, Ohio, who came here to take charge of the body of his brother, Ellis Steiner. He then described a dream, in which he said he saw his brother's body hanging from a tree, "and I awoke my wife and told her of it," continued Steiner, "but she laughed at me, and said it was all imagination." The next day, while attending a Sunday school convention at Pandavia, Steiner received a telegram telling of his brother's suicide by hanging.

## HERE'S PRIZE FISH STORY, AND IT COMES FROM OHIO

EAST LIVERPOOL, Ohio, Sept. 15.—After a fight in which he was jerked out of his boat and pulled around in the water, George Perry, a local angler, managed to land a catfish weighing eighty-three pounds, the largest hooked in the Ohio river in years. The fish was obliged to surrender because it could not pull both the man and the boat very long.

## TRUSTS THAT "BUST" THE CLERK BIG SHIP STRIKE OF RAILROADERS

All Mechanics on Wabash System Ordered to Go Out Monday.

CHICAGO, Sept. 15.—A general strike of all shop employees on the Wabash railroad system has been ordered, to take effect next Monday morning at 10 o'clock. The order affects 1,600 skilled mechanics, including machinists, boiler-makers, and blacksmiths. The International Order of Machinists, before leaving for Washington last night, said that everything possible had been done to avert a strike, and that a walk-out of all the employees in the repair and machine departments of the road could not be avoided unless the railroad company should agree to the terms of the men. The question at issue concerns wages, the machinists being chiefly interested. The request of the machinists that the wage scale be raised to a standard similar to that in effect on a number of other railroad systems was not received favorably by the road officials. The demands of the men included a grade scale of wages running from 33 to 35c an hour. They now received from 28 to 30 cents.

## MARRIAGE SOCIETY TO REGULATE LOVE

STERLING, Ill., Sept. 15.—Twenty young women of marriageable age residing in Rock Falls have formed a society for the purpose of discussing matrimony, the society being a secret one. The first proposition that the society considers is the young man with whom the girl is to go, and if he meets with the approval of the majority of the members of the society, the young woman in question will be allowed to keep company with him. It is said the same rule applies even in the case of a proposal of marriage, and when the proposal is made to the fair one she has to take the matter to the club, where a majority vote is necessary to his acceptance.

## Cure For Drunkenness

**Mary's Miracle**  
The day of working miracles, I'm sure is far from past, And now to show you what I mean, I'll tell you of the last Great one that happened right to me. For I was part of it, you see. You know the life I used to lead—O God, a living death. A drunkard of the hopeless kind—For, scarce a sober breath I ever drew, and hope and pride Were lost to me and nearly all beside.

"It can't help feeling happy. John's quit drinking. Dr. Haines Golden Specially did it."—Mary.

One friend alone was left—my wife, She saved me from a drunkard's grave, And whistled a wicked power, Just how she saved me you shall see— This is the way she told it to me.

When hope was almost dead within Her faithful, constant breast, She read of Dr. Haines' Cure, Then without pause or rest, She sent for one Trial Sample free, And gave it unbeknown to me!

I drank of it at every meal— I ate it in my bread, While Mary watched me anxiously, But never a word she said; Until one day I stopped to think, That I had lost my love for drink!

When, quite unconscious I was cured, My Mary told me all; It seemed the very act of God, And I called it, because my wife And Haines' Cure had saved my life.

And now my little story's done, My every word is true, And what this treatment did for me, The same I will do for you; And wives and mothers—one and all, Take heart of Mary's Miracle.

Save those near and dear to you from a life of degradation, poverty and distress. You can do it by cutting out this coupon.

**Free Treatment Coupon**  
Fill in your name and address on blank lines below. Then cut out this coupon and mail it to Dr. J. W. Haines, Golden Specially, Cincinnati, Ohio. You will receive in return enough of the remedy to prove to you that it will cure drunkenness in any form. You give it in tea, coffee, or food. The drunkard will stop drinking without knowing why. You will also get books and testimonials to prove how hundreds have been saved.

## FORTIETH BIRTHDAY OF THE GRAND ARMY

Arrangements Being Made for General Celebrations on October 19.

Preparations are under way for the commemoration of the organization of the Grand Army of the Republic. This is in response to orders issued several months ago by Commander Tanner, then commander-in-chief of the Grand Army. The first post to celebrate the fortieth anniversary of the organization will be George H. Thomas Post, No. 15, which has planned to hold a reunion on October 19 in Northeast Temple. Prominent speakers will participate in the celebration and the post will have the cooperation of the Woman's Relief Corps. An effort is being made to obtain the services of Commander Tanner to make the principal address and the celebration promises to be notable. No definite program has yet been outlined but a committee appointed for that special purpose is now at work on details of the celebration.

## CUPID BECOMES CAUSE OF A LOSS TO SCIENCE

Bride Declares Official Food Tester Tidd Must Now Eat Her Cooking.

BERKELEY, Cal., Sept. 15.—Cupid has caused the loss of one of the best subjects of experimentation that the nutrition department of the university has had within its gates for many years. E. M. Tidd, a former attaché of the university, has just been married. Tidd, under the direction of M. E. Jaffa, tested the food values of nuts, fruits, and the like for the Government station and was a valuable addition to the department.

His new wife says: "My food is plenty good enough for him. Why should he go on eating the messes which Prof. Jaffa fixes for him?" So his services are lost to science.

## DIVORCED 4 HUSBANDS; REMARRIES THE FIRST

Western Couple Make Their Second Trip to the Matrimonial Altar.

PORTAGE, Wis., Sept. 15.—A marriage recorded here reveals a romance good enough for ordinary interest. Joseph Sedalia, of Endeavor, Wis., and Miss Martha Kennedy, of Endeavor, Wis., were the contracting parties, and this was their second appearance at the altar together. When they were younger they were married and raised a family. After several years they separated and the wife obtained a divorce. Since then she has married three other men and divorced them all. Valdo and she stepped to the altar for the fifth time.

## The Biggest Line of School Supplies

Not a thing you could think of in the line of school supplies that isn't here—and remember we sell at retail, quoting wholesale prices. Glad to give estimates.

## WASHINGTON WANTED IN BOWLING LEAGUE

Eight Eastern Cities to Form Powerful Circuit—Capital Cracks Interested

Washington bowlers are being urged to take an active part in the formation of the Eastern Bowling League, which is largely an outgrowth of the Eastern Bowling Congress, organized last spring. The proposition is to have a league composed of New York, Brooklyn, Philadelphia, Trenton, Newark, Wilmington, Baltimore, and Washington. Each team will consist of five men, who will roll single, double, and five-man matches with each of the other teams, and the high individuals and teams at the end of the season will pull down a neat bunch of prize money.

The scheme was thoroughly discussed last night by George Campbell, of the Palace alley, of Washington; S. R. Johns, of New York, secretary of the league, and C. S. Bradley, one of the crack bowlers of Baltimore. Washington is badly wanted by the organizers, and they came here to stir up the Capital enthusiasm so that they will have teams ready for the fray when the league schedule begins in October or November.

The men in this city bowlers capable of holding their own in any company, and several of them have won titles at the American Bowling Congress tournaments in the West. Some of these experts are very much interested in the league proposition and there is little doubt that Washington will more than hold up its end. Last night, after the talkfest at the Palace, single matches were rolled with the following scores:

**Scores Last Night.**  
Bradley ..... 183 212 219 185 206  
Johns ..... 127 203 202 176 148  
Campbell ..... 178 181 184 213 164  
O'Donnell ..... 179 188 192 170 199

The Government Printing Office Bowling League will start at the Palace alleys on September 24.

There will be a meeting of the Department League on Monday night at the Palace to arrange a schedule and transact other important business.

## VOLUNTARY PRISONER SERVED 29 YEARS

CLEVELAND, Sept. 15.—Eddie Mullin, who for twenty-nine years refused to leave the Cuyahoga county jail, is dead at the City Hospital at the age of sixty-five. Mullin was picked up by a policeman one day in the fall of 1877 wandering aimlessly about, talking to himself about ships and Egypt. He was taken to the county jail to await an investigation as to his sanity. He was not violent and, as the probate court did not investigate his case, the sheriff ordered the release of Mullin. The prison doors swung open and Mullin was told that he was free. "I don't want to be free. Please let me stay here. This is the best place I have found since I left the ship—the good ship Alice," wailed Mullin with tears in his eyes. His request was granted and he remained a voluntary prisoner ever since until two days ago, when he was taken to a hospital.

## SICK HEADACHE

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely vegetable. Small Pill. Small Dose. Small Price.

## PLANS BEING MADE FOR ALMAS OUTING

Excursion to Frederick Fair on October 17 Will Be Great Event.

Jacobus S. Jones, illustrious potentate, has appointed a special committee to make arrangements for the excursion of Almas Temple and its invited friends to the Frederick county fair on October 17. This committee is accurately at work and the plans and preparations for the outing will be completed so that those who participate in the pilgrimage will have a day's outing long to be remembered. Those who made this excursion to Frederick last year were very much pleased with their trip and look forward to this going with a great deal of pleasure.

The special committee in charge of the arrangements give absolute assurance that there will be nothing left undone to make everyone comfortable, and there will be no necessity of carrying a laughing machine, as there will be nothing but good fun.

The executive committee in charge of the arrangements for the fair is as follows: R. P. Smith, chairman; Harry B. Cramer, Samuel W. Stimpert, Arthur D. Marks, and William C. Long.

Due notice, together with all of the arrangements, will be mailed to the members of Almas Temple. The party will be conveyed to Frederick by special train, leaving Washington in the morning about 7:30 o'clock, and returning about 8 o'clock the same night.

## WASHINGTON MAN NAMED FOR CONGRESS

Edward P. Mills, of Fourth Louisiana District, Nominated by Republicans.

Edward P. Mills, attorney at law of Shreveport, La., has received the Republican nomination for Congress in the Fourth Congressional district of Louisiana.

Mr. Mills is the son of Col. E. L. Mills, chief of the tobacco division, internal revenue office, Treasury Department, and is well and favorably known in this city, being a graduate of the Washington University School, also of Tulane University law school, and of Tulane University, New Orleans.

Mr. Mills began the practice of law at Shreveport, La., four years ago, and in this short time has built up a large and lucrative practice, and twice secured the Republican nomination to Congress in his district.

## FELL ON A RATTLESNAKE: GRABBED HIM BY THE NECK

BERWICK, Pa., Sept. 15.—Milford Smith, of this place, was walking in the woods with his wife at Rock Glen when a rattlesnake ran across the path, and a few feet down a bank rolled ready for fight.

Mr. Smith got a stick and taking hold of the limb of a tree, leaned over to strike the snake, when the limb broke, and he fell directly upon the reptile. He grabbed it by the neck, and held it from him until he could kill it. The snake measured four feet in length and had nine rattles.
